Chas:

Attached are papers pertaining to an Area and Project Security Officers Conference to which SSA is invited to make a presentation on 31 October following luncheon. I accepted [redacted] invitation with the understanding that I would not be here but that the new SSA and Deputy both probably would want to attend. [redacted] would like for you to call him this week about transportation. I assume that both you and Brad will be invited for lunch.

[redacted] suggested about a thirty minute presentation on the role and functions of the SSA Staff including a question and answer period.
